1 Why choose an OCR GCSE (9–1) in Classical Greek?

1a. Why choose an OCR qualification?

1

Choose OCR and you've got the reassurance that you're working with one of the UK's leading exam boards. Our new OCR GCSE (9–1) in Classical Greek course has been developed in consultation with teachers, employers and Higher Education to provide learners with a qualification that's relevant to them and meets their needs.

We're part of the Cambridge Assessment Group, Europe's largest assessment agency and a department of the University of Cambridge. Cambridge Assessment plays a leading role in developing and delivering assessments throughout the world, operating in over 150 countries.

We work with a range of education providers, including schools, colleges, workplaces and other institutions in both the public and private sectors. Over 13,000 centres choose our A Levels, GCSEs and vocational qualifications including Cambridge Nationals and Cambridge Technicals.

Our Specifications

We believe in developing specifications that help you bring the subject to life and inspire your students to achieve more.

We've created teacher-friendly specifications based on extensive research and engagement with the teaching community. They're designed to be straightforward and accessible so that you can tailor the delivery of the course to suit your needs. We aim to encourage students to become responsible for their own learning, confident in discussing ideas, innovative and engaged.

We provide a range of support services designed to help you at every stage, from preparation through to the delivery of our specifications. This includes:

- A wide range of high-quality creative resources including:
 - Delivery Guides
 - Transition Guides
 - Topic Exploration Packs
 - Lesson Elements
 - ... and much more.
- Access to Subject Advisors to support you through the transition and throughout the lifetime of the specifications.
- CPD/Training for teachers including events to introduce the qualifications and prepare you for first teaching.
- Active Results – our free results analysis service to help you review the performance of individual learners or whole schools.

All GCSE (9–1) qualifications offered by OCR are accredited by Ofqual, the Regulator for qualifications offered in England. The accreditation number for OCR's GCSE (9–1) in Classical Greek is QN:601/8123/0.

1b. Why choose an OCR GCSE (9–1) in Classical Greek?

OCR's GCSE (9–1) in Classical Greek has been designed to help learners develop their understanding of the Classical Greek language and the related ancient literature, values and society.

We have updated the traditional, popular structure of the GCSE and have added in increased optionality. This allows learners the new option to study two prose literature components or two verse literature components, as well as the existing popular choice of studying a prose literature component and a verse literature component, or a literature component and the 'Literature and Culture' component.

We have designed this qualification with teachers and learners in mind, having consulted extensively across the United Kingdom. The subject criteria pose challenges not faced before at GCSE, for instance the need to translate short sentences from English into Classical Greek or answer questions on syntax and accidence. The approach that we have taken in this specification will allow teachers and learners to face these challenges with confidence.

We want to ensure that OCR's GCSE (9–1) in Classical Greek engages learners, develops a desire within them to continue learning Classical Greek and helps develop a lifelong enthusiasm for the Classical world.

Aims and learning outcomes

OCR's GCSE (9–1) in Classical Greek will enable learners to:

- develop and deploy their knowledge of vocabulary, morphology and syntax in order to read, understand and interpret Classical Greek
- develop their knowledge and understanding of ancient literature, values and society through the study of original texts, adapted and abridged, as appropriate
- select, analyse and evaluate evidence to draw informed conclusions from the literature studied to:
 - demonstrate knowledge and understanding of the historical, literary and cultural context of a text
 - identify and appreciate its literary form and impact on the reader
- develop and apply their critical, analytical and reflective skills to evaluate evidence from a range of sources

OCR's GCSE (9–1) in Classical Greek will encourage learners to:

- develop insights into the relevance of Classical Greek and of ancient literature and civilisation to our understanding of our modern world of diverse cultures
- deploy their knowledge and understanding of Classical Greek to deepen their understanding of English and other languages
- relate their knowledge and understanding of the ancient world to other disciplines
- develop research and analytical skills which will empower them to become independent learners and enquirers, equipping them for further study in arts, humanities and sciences.

1c. What are the key features of this specification?

The key features of OCR's GCSE (9–1) in Classical Greek for you and your learners are:

- the freedom to create the most appropriate and engaging course which plays to the strengths of your learners
- the opportunity to develop linguistic skills which will help both in the study and application of English and other languages
- the study of ancient literature and sources which helps give learners an insight into the life and culture of the ancient world
- the encouragement to help develop and apply critical analytical skills which will help learners in their future study
- it provides solid preparation for those wishing to progress to our AS and A Level Classical Greek qualifications.

All components include synoptic assessment.

2b. Content of GCSE (9–1) in Classical Greek (J292)

The OCR GCSE (9–1) in Classical Greek will allow learners to develop their knowledge of Classical Greek vocabulary, morphology and syntax so that they can read and understand unseen confected or adapted passages of Classical Greek.

The OCR GCSE (9–1) in Classical Greek will require learners to know the words which are listed in the Defined Vocabulary List (DVL) as well as other specified forms of these words. The Defined Vocabulary List (DVL) will be available on the OCR website. Learners will be expected to know and understand the application of syntax and accidence listed in this specification.

The OCR GCSE (9–1) in Classical Greek will develop learners' knowledge and understanding of the ancient world through the study of ancient literature and ancient sources. Learners are required to study a compulsory Language component together with either two Literature components, or one Literature component and the Literature and Culture component.

The Language component (01) requires learners to translate a passage of Classical Greek, answer comprehension questions and **either** answer questions on syntax and accidence within the context of a narrative passage **or** translate short English sentences into Classical Greek.

The vocabulary, accidence and syntax required for the composition of the Classical Greek sentences and the questions focusing on syntax and accidence will be taken from restricted lists.

The Literature components (02–05) will require the study of between 110 and 120 lines of material in Classical Greek. These set texts will **change every two years**.

The Literature and Culture component (06) will require the study of two different topics through the exploration of the prescribed sources listed in the *Prescribed Sources Booklet*, which is available on the OCR website, and other sources which cover the same topic areas. The material for the Literature and Culture component will **remain for the lifetime** of the specification.

The set texts and topics will be reviewed after three years and may be subject to change. Each set text and topic will remain on the list for the lifetime of the qualification, unless the review process identifies a necessary change. If a text is to be removed from the list and replaced with another text, centres will be notified a year in advance.

2c. Content of Language (J292/01)

In the course of this component, learners will develop their knowledge of Classical Greek vocabulary and linguistic structures through reading and studying texts and stories in Classical Greek. They will then demonstrate their linguistic competence through the translation and comprehension of unseen Classical Greek passages.

Learners will also be able to demonstrate their linguistic ability by **either** recognising, analysing and explaining accidence and syntax within the context of a narrative passage **or** by translating short sentences from English into Classical Greek.

Learners should be able to:	Learners will be required to:
<ul style="list-style-type: none"> • recognise, analyse and/or deploy, as appropriate, the accidence and syntax listed in Appendix 5c and 5d • demonstrate knowledge of the vocabulary in the Defined Vocabulary List (DVL) • accurately translate unseen material into English • demonstrate an understanding of unseen Classical Greek, confected or adapted material, including an understanding of individual words, phrases or sentences • explain the derivation of English words from Classical Greek as evidence of the continuing influence of the classical world on later times. 	<ul style="list-style-type: none"> • translate an unseen passage of confected or adapted Classical Greek • understand and respond to unseen passages of Classical Greek • understand the derivation of English words from Classical Greek <p>and either</p> <ul style="list-style-type: none"> • translate short sentences from English into Classical Greek drawn from the Restricted Vocabulary List (RVL) and the Restricted Syntax and Accidence listed in Appendix 5d <p>or</p> <ul style="list-style-type: none"> • recognise, analyse and explain syntax and accidence, as defined below, drawn from the Restricted Vocabulary List (RVL) and the Restricted Syntax and Accidence listed in Appendix 5d <ul style="list-style-type: none"> • recognise: identify examples of a grammatical form • analyse: identify the grammatical form of a word • explain: account for the use of a grammatical form in a sentence.

2c. Content of Literature components (J292/02, J292/03, J292/04 and J292/05)

These components are designed to develop learners' knowledge and understanding of ancient literature through studying the set texts listed on the opposite page. These components assess learners' ability to analyse, evaluate and respond to the ancient literature they have studied.

Learners will study the set text listed on the opposite page for the relevant year. Each set text or group of texts will be between 110 and 120 lines in length, and will be examined for a maximum of **two** years.

2

Learners should be able to:	Learners will be required to:

2c. Content of Literature and Culture (J292/06)

This component is designed to develop learners' knowledge and understanding of Greek civilisation and culture through the study of ancient literature and other ancient source material.

Learners should study the prescribed ancient source material in the '*Prescribed Sources Booklet*' for **both** of the topic areas set in any given year.

Learners should also study additional ancient sources covering similar content to help illustrate the topics they are studying and provide opportunities for comparison.

The topic areas and the prescribed sources booklet will **remain the same** for the whole life of the specification.

Learners should be able to:

- use a range of ancient sources including literature, inscriptions and archaeological evidence
- identify aspects of content, culture, social practices and values, as appropriate to the sources studied
- use their knowledge of Women in Ancient Greece, Athenian Society and The Olympic Games and study of evidence to widen their understanding of Athenian society
- evaluate the usefulness of primary sources as evidence through comprehension and comparison, identifying gaps in the evidence, distortion for literary effect or bias
- select, analyse and evaluate evidence to draw an informed conclusion and make a reasoned, evidence-based response to the material studied.

Learners will be required to:

- recall knowledge from the prescribed sources and select knowledge from the unseen sources provided for the assessment
- demonstrate understanding of the prescribed sources and the unseen sources provided for the assessment
- understand and respond to the sources, evaluating them as evidence for the ancient world and analysing their specific features
- compare and contrast ideas, values and social practices from the ancient and modern worlds
- draw together their knowledge and understanding of the material studied and demonstrate this through a written response.

The set topics for examination in **2023** and **2024** (third cycle) for this component will be:

- The Olympic Games
- Women in Ancient Greece

The set topics for examination in **2025** and **2026** (fourth cycle) for this component will be:

3 Assessment of GCSE (9–1) in Classical Greek

3a. Forms of assessment

OCR's GCSE (9–1) in Classical Greek consists of three components that are externally assessed.

Learners **must** sit J292/01 and then **any two** from J292/02, J292/03, J292/04, J292/05 and J292/06.

J292/01 Language

This is a **compulsory** component. It is worth **100 marks**, representing **50%** of the total marks for the GCSE (9–1).

Classical Greek Language is an externally assessed written examination testing AO1.

The examination lasts **1 hour 30 minutes** and is formed of two sections.

Section A consists of 30 marks. In Section A, the unseen passage will recount a story drawn from mythology or Greek domestic life.

20 marks are available for answering comprehension questions in English, including questions about the derivation of English words from Classical Greek.

10 marks (10% of AO1 overall) are available for learners to choose between **either** answering

questions on accidence and syntax **or** translating three basic English sentences into Classical Greek.

The restricted vocabulary, accidence and syntax list applies to **both** the translation into Classical Greek and the syntax and accidence questions.

Section B consists of 70 marks. In Section B, the unseen passages will recount a story or stories drawn from history.

20 marks will be available for answering comprehension questions in English.

50 marks will be available for translating a passage of unseen Classical Greek of **at least 90 words** into English.

J292/02, J292/03, J292/04, J292/05 Literature

These are **optional** components. Each component is worth **50 marks**, representing **25%** of the total marks for the GCSE (9–1).

These components are externally assessed written examinations testing AO2 and AO3.

Each examination lasts **1 hour**.

Each component tests understanding and appreciation of a prescribed set text which is between 110 and 120 lines in length.

Learners will be asked to translate a short passage of the set text from Classical Greek into English and answer comprehension questions. They will also be required to answer analysis questions which will be marked on a point by point basis and an 8-mark analysis question which is marked using a level of response grid. Learners will also be required to write an extended response, which draws upon material from the set text.

J292/06 Literature and Culture

This is an **optional** component. It is worth **50 marks**, representing **25%** of the total marks for the GCSE (9–1).

Literature and Culture is an externally assessed written examination testing AO2 and AO3.

The examination lasts **1 hour**.

Questions will require learners to demonstrate knowledge and understanding of the materials in the '*Prescribed Sources Booklet*' and their own study as well as use the unseen sources provided in the insert booklet for the assessment.

Questions will also require learners to analyse the sources provided in the assessment, provide a personal response to the material studied and answer extended response questions.

3

3b. Assessment objectives (AO)

There are three Assessment Objectives in OCR GCSE (9–1) in Classical Greek. These are detailed in the table below.

Learners are expected to demonstrate their ability to:

	Assessment Objective
AO1	Demonstrate knowledge and understanding of the language.
AO2	Demonstrate knowledge and understanding of literature and/or other ancient sources.
AO3	Analyse, evaluate and respond to literature and/or other ancient sources.

AO weightings in OCR GCSE (9–1) Classical Greek

The relationship between the Assessment Objectives and the components are shown in the following table:

Component	% of overall GCSE (9–1) in Classical Greek (J292)		
	AO1	AO2	AO3
Language	50%	0%	0%
Prose Literature A	0%	12.5%	12.5%
Prose Literature B	0%	12.5%	12.5%
Verse Literature A	0%	12.5%	12.5%
Verse Literature B	0%	12.5%	12.5%
Literature and Culture	0%	12.5%	12.5%
Total	50%	25%	25%

3c. Total qualification time

Total qualification time (TQT) is the total amount of time, in hours, expected to be spent by a learner to achieve a qualification. It includes both guided learning hours and hours spent in preparation, study,

and assessment. The total qualification time for GCSE Classical Greek is 140 hours. The total guided learning time is 120–140 hours.

3d. Qualification availability outside of England

This qualification is available in England. For Wales and Northern Ireland please check the Qualifications in Wales Portal (QIW) or the Northern Ireland Department of Education Performance Measures/

Northern Ireland Entitlement Framework Qualifications Accreditation Number (NIEFQAN) list to see current availability.

3e. Language

This qualification is available in English only. All assessment materials are available in English only and all candidate work must be in English.

3f. Assessment availability

There will be one examination series available each year in May / June to **all** learners.

This specification will be certificated from the June 2018 examination series onwards.

All examined components must be taken in the same examination series at the end of the course.

3g. Retaking the qualification

Learners can re-take the qualification as many times as they wish. Learners must retake Component 01 and

two components from Component 02 to 06, in the same examination series.

3h. Assessment of extended response

The assessment materials for this qualification provide learners with the opportunity to demonstrate their ability to construct and develop a sustained and

coherent line of reasoning and marks for extended responses are integrated into the marking criteria.

3i. Synoptic assessment

Synoptic assessment targets learners' understanding of the connections between different elements of the subject. It involves the explicit drawing together of knowledge, skills and understanding within different parts of the GCSE (9–1) course.

Synoptic assessment encourages the understanding of Classical Greek as a discipline and requires learners to demonstrate understanding of the links between language and literature in their classical contexts.

3j. Calculating qualification results

A learner's overall qualification grade GCSE (9–1) in Classical Greek will be calculated by adding together their marks from the three components taken to give their total weighted mark. This mark will then be compared to the qualification level grade boundaries

for the entry option taken by the learner and for the relevant exam series to determine the learner's overall qualification grade.

4 Admin: what you need to know

The information in this section is designed to give an overview of the processes involved in administering this qualification so that you can speak to your exams officer. All of the following processes require you to submit something to OCR by a specific deadline.

More information about the processes and deadlines involved at each stage of the assessment cycle can be found in the Administration area of the OCR website.

OCR's *Admin overview* is available on the OCR website at: <http://www.ocr.org.uk/administration>

4a. Pre-assessment

Estimated entries

Estimated entries are your best projection of the number of learners who will be entered for a qualification in a particular series.

Estimated entries should be submitted to OCR by the specified deadline. They are free and do not commit your centre in any way.

Final entries

Final entries provide OCR with detailed data for each learner, showing each assessment to be taken. It is essential that you use the correct entry code, considering the relevant entry rules.

Final entries must be submitted to OCR by the published deadlines or late entry fees will apply.

All learners taking a GCSE (9–1) in Classical Greek must be entered for one of the following entry options:

Entry option		Components		
Entry code	Title	Code	Title	Assessment type
J292 A	Classical Greek Option A	01	Language	External Assessment

Collecting evidence of student performance to ensure resilience in the qualifications system

Regulators have published guidance on collecting evidence of student performance as part of long-term contingency arrangements to improve the resilience of the qualifications system. You should review and consider this guidance when delivering this qualification to students at your centre.

For more detailed information on collecting of evidence of student performance please visit our website at www.ocr.org.uk/administration/general-qualifications/assessment.

4b. Special consideration

Special consideration is a post-assessment adjustment to marks or grades to reflect temporary injury, illness or other indisposition at the time the assessment was taken.

Detailed information about eligibility for special consideration can be found in the JCQ publication *A guide to the special consideration process*.

4c. External assessment arrangements

Regulations governing examination arrangements are contained in the JCQ *Instructions for conducting examinations*.

Head of Centre Annual Declaration

The Head of Centre is required to provide a declaration to the JCQ as part of the annual NCN update, conducted in the autumn term, to confirm that the centre is meeting all of the requirements detailed in the specification.

Any failure by a centre to provide the Head of Centre Annual Declaration will result in your centre status being suspended and could lead to the withdrawal of our approval for you to operate as a centre.

Private candidates

Private candidates may enter for OCR assessments.

A private candidate is someone who pursues a course of study independently but takes an examination or assessment at an approved examination centre. A private candidate may be a part-time student, someone taking a distance learning course, or someone being tutored privately. They must be based in the UK.

Private candidates need to contact OCR approved centres to establish whether they are prepared to host them as a private candidate. The centre may charge for this facility and OCR recommends that the arrangement is made early in the course.

Further guidance for private candidates may be found on the OCR website: <http://www.ocr.org.uk>

4d. Results and certificates

Grade Scale

GCSE (9–1) qualifications are graded on the scale: 9–1, where 9 is the highest. Learners who fail to reach the minimum standard of 1 will be Unclassified (U). Only

subjects in which grades 9 to 1 are attained will be recorded on certificates.

Results

Results are released to centres and learners for information and to allow any queries to be resolved before certificates are issued.

Centres will have access to the following results information for each learner:

- the grade for the qualification
- the raw mark for each component
- the total weighted mark for the qualification.

The following supporting information will be available:

- raw mark grade boundaries for each component
- weighted mark grade boundaries for each entry option.

Until certificates are issued, results are deemed to be provisional and may be subject to amendment.

A learner's final results will be recorded on an OCR certificate. The qualification title will be shown on the certificate as 'OCR Level 1/Level 2 GCSE (9–1) in Classical Greek'.

4e. Post-results services

A number of post-results services are available:

- **Review of results** – If you are not happy with the outcome of a learner's results, centres may request a review of marking.
- **Missing and incomplete results** – This service should be used if an individual subject result for a learner is missing, or the learner has been omitted entirely from the results supplied.
- **Access to scripts** – Centres can request access to marked scripts.

4f. Malpractice

Any breach of the regulations for the conduct of examinations and non-exam assessment may constitute malpractice (which includes maladministration) and must be reported to OCR

as soon as it is detected. Detailed information on malpractice can be found in the JCQ publication *Suspected Malpractice in Examinations and Assessments: Policies and Procedures*.

5 Appendices

5a. Grade Descriptors

1. Grade 8

1.1 To achieve Grade 8 candidates will be able to:

- complete a range of linguistic tasks, including translation and comprehension, with a consistently high degree of accuracy
- demonstrate accurate knowledge and understanding of diverse aspects of literature and/or sources
- analyse a range of literary or other evidence with perception and precision
- critically evaluate and respond convincingly to literary or other evidence with reason and sensitivity

2. Grade 5

2.1 To achieve Grade 5 candidates will be able to:

- demonstrate limited knowledge and understanding of some aspects of literature and/or sources
- make basic comments on literary or other evidence

5b. Overlap with other qualifications

There is no overlap with any other qualifications.

5c. Accessibility

Reasonable adjustments and access arrangements allow learners with special educational needs, disabilities or temporary injuries to access the assessment and show what they know and can do, without changing the demands of the assessment. Applications for these should be made before the examination series. Detailed information about eligibility for access arrangements can be found in the JCQ *Access Arrangements and Reasonable Adjustments*.

The GCSE (9–1) qualification and subject criteria have been reviewed in order to identify any feature which could disadvantage learners who share a protected Characteristic as defined by the Equality Act 2010. All reasonable steps have been taken to minimise any such disadvantage.

5d. Classical Greek Accidence and Syntax

Comprehension and translation questions will be based on the accidence and syntax listed in Appendix 5d.

Questions on accidence and syntax and the translation of English sentences will be based on the restricted accidence and syntax listed in Appendix 5e.
